

**ADVANCED FLUID
MANAGEMENT SOLUTIONS**

founded in 1975

WHO WE ARE

Foundation:

1975 in S. Zeno di Cassola – Italy.
The headquarters is still here.

Total covered area:

27.000 m² - 290.000 sqft
Covered Areas
125.000 m² - 31 acres
used as Park

Other office:

Raasm USA
(since 2008)

Production:

Design and production
are 100% Made in Italy

Core Business:

International benchmark for
advanced fluid management
solutions.

Employees:

about 145

Sales market:

Italy: 10%

Foreign market: 90%
Operating in more than
100 countries worldwide

Warranty:

Quality and reliability
with a 5 years warranty

OUR MISSION

Being the **international** leader in **fluid management with products strictly MADE IN ITALY.**

Offering a wide range of **cutting-edge products** and guaranteeing the **best quality standards** thanks to the attention to every single detail.

Taking care of the environmental consumptions and **protecting the nature resources.**

MAIN VALUES

Flexibility and availability
in the research of solutions to
address the specific needs.

Listening and transparency
in the relationships with
our customers.

Durability and sustainability
with rigorous and
continuous tests.

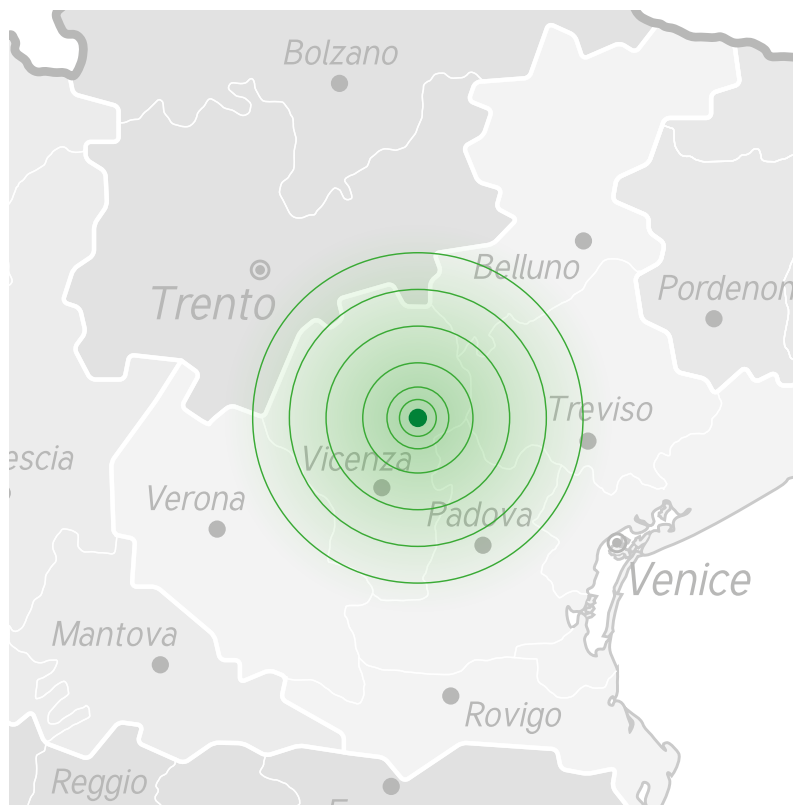

SUPPLIERS

Our **suppliers** are really close to us (about **50 km - 31 miles maximum** from our headquarters).

They ensure the best **Made in Italy quality** also using machineries designed in RAASM for specific processes and tests.

As you can see in the picture, they are **mainly in the provinces of Vicenza and Padua.**

SPECIFIC WORKING SECTORS

GENERAL WORKING SECTORS

-  Automotive
-  Agriculture
-  Chemical
-  Industry
-  Mining
-  Shipping & Offshore
-  Cleaning

SHOW ROOM

The Show Room satisfies multiple purposes: it **supports the company's internal training**. It allows the various offices (R&D, technical and sales) to more easily compare the various ideas related to the products, it helps the visiting customer to have a greater **awareness of the wide range of products** offered by **RAASM** and allows them to touch the quality and robustness that have always distinguished the **RAASM** brand.

AUTOMOTIVE SECTOR

Brake bleeders

Pressure sprayers and tyre inflators

Waste oil suction/ drainers

Oil and grease manual pumps

Oil transfer and distribution pumps

Grease transfer pumps

Diaphragm pumps

Service Columns

FCS System

Digital Meters

There are many product families that belong to this section.

HOSE AND CABLE REELS

Hose reels with spring

Hose reels for LPG/Methane

Hose reels for diesel fuel and AdBlue®

Manual hose reels

Motorized hose reels

Cable reels

Grounding reels

Air/Water low pressure hose reels

Warning tape reels

Cable reels for battery charging

The range of hose reels and cable reels is wide and allows the customer to choose the most suitable item for every specific working needs.

OUR PRODUCTS

INDUSTRIAL SECTOR

**Diaphragm
pumps**

**Industrial piston
pumps for distribution
and transfer**

**Stainless steel
motorized hose
reels**

**Trolley mounted
hose reels**

**Trolley kits for grease
and oil dispensing**

**RAM
hoists**

**Trolley mounted
RAM hoists**

**Centralized
lubrication systems**

**CLS
control unit**

**Special piston
pumps**

Industrial sector items are studied to satisfy the most stressful and demanding working needs and environment.

MOBILE DEVICES SOLUTIONS

Hydraulic Automatic Spring Driven Hose Reels

Hydraulic Automatic Spring Driven Hose Reels

Automatic Spring Driven Cable Reels

Motor Driven Cable Reels

Electric Slip Rings

Electric-Hydraulic Slip Rings

Hydraulic Slip Rings

A fully customizable range of products according to different types of fluids, pressures and flow rates, with the possibility to combine power and signal transmissions.

OUR PRODUCTS

R&D DEPARTMENT

From ideas to innovative products that meet and exceed customers' expectations. More than 15 engineers are directly employed by RAASM. They work in a 1.500 m² - 16.000 sqft office space and have access to the most advanced technology. In addition, a network of engineers support RAASM's R&D effort on a contract base.

TESTING DEPARTMENT

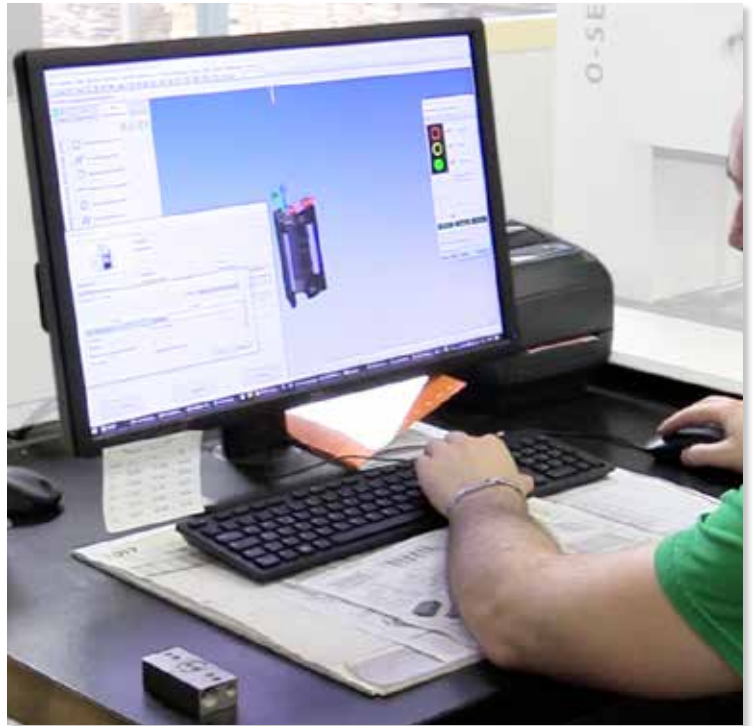

All new products are tested for a period varying in length from several months to years.

OFFICES

QUALITY CONTROL DEPARTMENT

Before final assembly, all parts, regardless whether they are coming from suppliers or RAASM's production line, are deeply inspected.

TECHNICAL AND SALES DEPARTMENT

Operators and technicians are always available. Our working philosophy is to be at the customer's needs disposal in the fast and best way possible.

OFFICES

PRESS DEPARTMENT

State of the art technology and production methods: this is what is behind RAASM's products quality

WELDING DEPARTMENT

Accurate welding is the outcome of advanced robotics.

PRODUCTION

TESTING DURING PRODUCTION

Each tank is tested at 6 bar pressure to highlight any possible leak.

GUARANTEED PAINTING

Heavy metal free polyester resin coating, with an average thickness of 100 micron.

PRODUCTION

TURNING MACHINES

Turning machine Dept. with cutting edge technology.

MULTITASKING CNC MACHINERIES

Multitasking CNC machinery allows the production of several complex components.

PRODUCTION

ASSEMBLY DEPARTMENT

Production is organized in assembly lines that allow high efficiency.

ASSEMBLY LINES

All assembly lines are designed to maximize the production.

PRODUCTION

PACKAGING

Our packaging is 100% recyclable and ensures the maximum protection of the item during the delivery.

VERTICAL WAREHOUSES

Vertical computerized warehouses for storing parts and components.

PRODUCTION

SHIPMENT DEPARTMENT

Inventory with more than 2500 pallets of finished products.

PRODUCTION

CERTIFIED QUALITY

For RAASM, quality is offering our customers a wide range or technologically advanced, strong, long lasting, high performance equipment. A level of quality that can only be achieved by tending to even the smallest of details.

A strong corporate belief and commitment, certified according to **ISO 9001:2015** and **ISO 14001:2015** international standards. This is giving concrete actions aimed at constantly improving all business processes, as well as the protection and enhancement of the environment.

ISO 9001:2015

ISO 14001:2015

QUALITY

ENVIRONMENTAL QUALITY

Nature, environmental and cultural responsibility have always been important priorities at RAASM.

1078 trees
divided into
150 species

In our 45 years of history, we have fostered ethical behaviour, supporting the long-term creation of a vast **corporate park, over 125,000 m² - 31 acres**, inhabited by various animals and hundreds of plant species, some of them protected. Furthermore, RAASM organizes and promotes highly important historical and cultural activities.
